

SENATE HAS FOREIGN PEACE TREATIES

Peace Treaties To Be Ratified By Senate With All Speed Possible

Senate Refers Treaties To Foreign Relations Committee. Little Opposition To Final Ratification By Senate Is Expected

Washington, D. C., September 22.—Peace treaties with Germany, Austria and Hungary are to be ratified by the Senate with all possible speed, according to Senator Lodge, Republican leader and chairman of the Foreign Relations Committee. This is in accord with the wishes of President Harding, made known in a conference at the White House Wednesday.

Treaties Sent to Senate

The President sent the treaties to the Senate shortly after it re-assembled Wednesday accompanying them with a brief note of transmission. They were referred to the committee on Foreign Relations.

Lodge called a meeting of the committee for Thursday and said he anticipated little delay in having the treaty favorably reported in the Senate. The committee previously had examined the German treaty and discussed it with Secretary of State Hughes, he explained.

Republican leaders are confident the treaties will be approved after some debate believing no one would care to take the responsibility for their defeat. Nevertheless some opposition is considered possible and probable.

JUDGE BALDRIDGE WINS NOMINATION IN BLAIR COUNTY

Contest Brings Out A Record Vote At The Primaries Tuesday

Altoona, Pa., Sept. 22.—Marked by an unusually large number of contests for the various nominations, the primary election was held yesterday in Blair county and as a result of the advent of the women in the ranks of the voters for the first time at a primary, a larger vote than ever before was cast.

Chief interest in the election centered in the Republican contest for the judgeship, which resulted in the nomination of Judge Thomas J. Baldrige over District Attorney Marion D. Patterson by a decisive majority.

Mr. M. L. Farrel purchased the old knitting machine factory on Merrill street which he will turn into a residence.

Manager Of Dead Actress Gives Damaging Testimony To Jury

Claims Arbuckle Admitted Having Injured Actress

San Francisco, Sept. 22.—(By United News)—Important testimony against Roscoe Arbuckle has been given the grand jury in Los Angeles by I. Stennacher, manager for the Virginia Rappe, according to telegraphic advices received here by District Attorney Brady. He is quoted

THE WEATHERMAN SAYS:

"No, I didn't use up all my thunder yesterday. There's more coming today. And then maybe some more after that. Cheer up! The worst is yet to come!"

OIL FIELD UNION WORKERS TRY TO EXTEND STRIKE

Will Hold Meeting To Consider Next Move In Oil District

Taft, Cal., Sept. 22. (By United News)—Efforts to extend the strike of oil field workers into Kern county field to all fields in the state will be considered at a meeting at the oil workers union to be held at Bakers Field Friday it was announced at strike headquarters here today.

The Producers Association against which the men are striking to force the association to have the federal government "under write" its working agreement has sent a committee of stockholders into the oil fields to make an investigation.

The oil field workers struck when officials of the company hired "Black Jack" Jerome to bring strikebreakers into the district.

They seized the town and instituted union rule. The move was carried out so quickly that county officials lost control of the situation and the workers took complete charge.

BODY OF WAR HERO IS HOME

The remains of Ivan K. Sloppy one of the Clearfield County heroes who made the supreme sacrifice in France during the world war, arrived at the home of his parents Mr. and Mrs. J. K. Sloppy at New Millport at noon Wednesday and will be buried in the New Millport cemetery Friday afternoon at 2 o'clock. The American Legion will have charge of the funeral.

SHE DID NOT—NEITHER DID THEY
Stafford, Pa., Sept. 22.—(By United News)—Knickerbockers have entered politics at large. Mrs. Elton E. Sullivan, candidate for school director and on the Republican ticket in Pidsywin township wore 'em. They became the subject of a bitter political fight. Did she or did she not? Pictures of the lady on the golf links were used in the campaign. The Township voted that she did not. Mrs. Sullivan was the defeated candidate.

THOUSAND KILLED—MANY INJURED IN BIG BLAST

Worst Disaster Of Its Kind In Europe In Recent Years

RESCUE WORK UNDER WAY

Explosion Shook Down Windows In Town 400 Miles Away

Berlin, Sept. 22.—(By United News)—In the confused and conflicting dispatches received here from Mannheim, and Ludwigsbafen there came evidence that the explosion which destroyed portions of both cities with a loss of life estimated between 700 and 1000 was the worst disaster of this kind that has happened in Europe in many years.

Not even the bombing raids, to which this city became more or less accustomed and which spread terror at times are comparable in their effect to the explosion in the Oppauer Chemical Works of Mannheim which apparently caused other explosion in quick succession, blew up trains and houses and even caused windows to come crashing down in rankfort, over 400 miles away.

Rescue Work On—For the time being every able-bodied person in the stricken city and everyone able to get there is occupied with work of caring for the wounded and burying the dead, and relieving distress of those whose home were wrecked.

Paris, Sept. 22.—One thousand persons are reported to have been killed and several thousand others injured at Oppauer near Frankenthal, in the Rhine palatinate, through an explosion in a chemical products plant, according to a Mayence message to the Havas agency received here today.

The town of Oppauer itself was entirely destroyed by the explosions, the advices say.

800 Employees Trapped

London, Sept. 22. (By United News)—There were 800 employees at work in the Oppauer region of the Bad Annalyne plant at Ludwig Station. None of whom possibly could have survived the explosion Wednesday, according to an Exchange Telegraph Dispatch by way of Paris.

The explosion was plainly audible in Mayence.

From several sources the Exchange correspondent received estimates of 1000 dead all told and many more injured.

Julian Chase Undergoes Operation At Hospital

Julian Chase, manager of Brown's Boot Shop, was operated upon for appendicitis at the Clearfield Hospital this morning. His condition is highly satisfactory.

Collins Raps Ulster Parliament

This picture of Michael Collins, the Sinn Fein army commander, was taken at Armagh, Ireland, where he made a fiery speech declaring that the Ulster parliament was simply an English device to keep Ireland separated.

Constitutional Amendment Turned Down By Voters

Indifference Of Voters Believed Cause Of Defeat Of Measure

Philadelphia, Pa., Sept. 22.—(By United News)—The constitutional convention has apparently been defeated in both city and state, according to late reports Wednesday afternoon although the returns give the convention a fair showing in the state.

The voters, however, appear to have been more inclined toward nominating candidates and in many sections only passive interest to the convention was shown.

Altho the revision plan received more votes here than in other counties, nevertheless the indifference of Vane followers was responsible for the defeat of the plan in Philadelphia.

Philadelphia, Sept. 22.—Late returns show that the proposed Constitutional Convention is "all off." It failed to carry at Tuesday's primaries. Complete returns will have to be received before the measure is finally disposed of but its defeat is conceded.

County Delayed
Little attention was paid to the counting of this vote because of the sharp contests on local candidates in many counties. The voting generally on the proposition was very light.

In Philadelphia, where the regular Republican organization was opposed to the convention, the proposition was badly defeated. Complete returns from thirty-one of the forty eight wards showed 28,293 voters in favor of the convention and 51,894 against it.

Nominations for delegates to the proposed convention were made in all congressional districts of the state by the severe political parties. If the final count shows the convention proposition defeated, the nominations are void.

Defeated in Pittsburgh

Pittsburgh, Pa., Sept. 22.—Little attention was paid in Allegheny county to the vote cast in yesterday's primary on the question of a constitutional convention, but incomplete returns indicate a majority of the voters who marked their ballots on the question voted in the negative.

Did a bouncing boy or a dear little girl arrive in your community? Tell the world thru The Progress, H. & C. 176.

OFFICIAL RETURNS LAG--17 PRECINCTS ARE STILL MISSING

Miss Rumberger's Lead Holds Up Well—Lowell Outstrips Smith. Chaplin Has Narrow Margin In Democratic Race For Sheriff's Post

The official returns from Tuesday's primary election in Clearfield county are coming in very slowly and at 9 o'clock last evening, when the County Commissioners' office closed seventeen of the one hundred eight precincts had failed to get their "open return" in the hands of the Commissioners.

Under the law, the County Commissioners and their tellers will meet in the Arbitration Room of the Court House for the purpose of canvassing the returns and determining the nominees for the different offices.

The total vote polled in the county will run between 12,000 and 13,000, or but about one-fourth of the registered voting strength. Of this number the Republicans polled approximately 7,500, while the Democrats numbered nearly 5,000.

STORM DOES MUCH DAMAGE AROUND CLEARFIELD

Landslide Holds Up A Penn. Train Bridge Is Washed Away

A torrential equinoctial rain storm hit this section Tuesday night and again yesterday afternoon and did a great deal of damage to streets and alleys. The culvert over Polk's Bottom run on Spruce street was carried away by the flood.

Landslide Detained Train
A landslide on the Pennsylvania delayed the 10:45 a. m. passenger an hour or two, while a slide on the new State road near Curwensville also interfered for a time with traffic in that direction.

Power Line Down
During the windstorm which accompanied the rain Wednesday afternoon a tree was blown down on the main power feed line between the power station at Philipsburg and Clearfield causing damage which required the services of a large crew of men about three hours to repair. During the break the town was without both light and power and recourse was had generally to the old fashioned tallow candle and kerosene lamps.

The repair to the line were completed shortly after 7 p. m. and we got back into twentieth century living once more.

Osceola Voters Complain They Were Barred From Primaries

More Than Five Score Claimed To Have Been Disqualified Tuesday

The people of Osceola were up in arms at Tuesday's primary because more than one hundred persons were prevented from voting because the

Lowell Was Ahead
According to the returns from all but 17 of the 108 districts Thomas J. Lowell, of Pottsville, polled 599 votes and his nearest opponent, Percy Smith of Curwensville, got 2682. Lowell will have a majority around 700 when all returns are finally heard from.

Miss Rumberger Leads
For County Treasurer the voted demonstrators that Miss Rumberger was the only woman to appear in Clearfield County, by a vote of two to one majority for Miss Catherine Rumberger, of Hostetler, over Phil Griesemer, of DuBois.

The Democratic nomination, for the weather, is very much unsettled, with the odds in favor of Councilman John S. Chaplin of the Third Ward of Clearfield, who, with 20 districts out, is leading his opponent, J. Gleason of Altoona, by 32 votes.

No calculation was made of the Democratic vote for County Trustee. The candidates were Miss Rumberger and John Laing, of DuBois. These candidates were being voted for by stickers, as no name appeared on the Democratic ballot for this office.

For Jury Commissioner on the Republican ticket, Harry C. Connolly of Burnside, with 20 districts missing, has 2780 votes, while D. E. Young of Woodland has 2342.

Albert Y. Straw, of Pike township, was named for Democratic Very Commissioner without opposition.

Vote Leading
No figures are obtainable on the Constitutional Convention proposition but the rural districts are pretty generally voting "No" with the larger centers favoring the project by a reduced vote.

Registry Assessor failed to have them properly registered to participate in a party primary.

As is usual in such cases the blame was placed upon the clerks in the County Commissioners' office. Postmaster A. E. Brown, of Osceola, was in town today and visited the Commissioners' office to look into the matter for the purpose of fixing the blame for the error and he informs The Progress that the fault was not with the clerks in the Commissioners' office, but was directly chargeable to the assessor, who failed to make return of the names missed to the County Commissioners.

The same condition was true as to the Second Precinct of the Third Ward. The clerks in the Commissioners' office are both careful and competent and took especial pains to send correct lists of voters out from that office.

Mrs. R. E. Brown is attending the Crampian Fair today.

JOHN BARLEYCORN TURNS OVER

Washington, D. C., September 22.—A hammer and tongs parliamentary fight over beer broke out in the Senate today.

Senator Sterling called up the conference report on the Anti-Medical Beer Bill. Wets moved to adjourn and were beaten 38 to 7. They then suggested that less than a quorum was present and Sterling got the Senate to order the Sergeant at arms to compel absentees to come into the Senate Chamber.

NEWS OF OUR NEIGHBORS CURWENSVILLE

There have been a good many rain and electric storms around this section during the past six months, but not a single one of them reached such a proportion in damage as the one that visited Curwensville on Tuesday and Wednesday morning. The rain commenced to fall some time after 1 o'clock Tuesday night, and continued without abatement until 9 a. m. Wednesday. It was one of those hard, pelting storms that took every thing before it. All of the streets and alleys in town suffered more or less.

Filbert street had the appearance of having run thru a cyclone, the large run at the head of the street became clogged by ice coming from an old mill up the hallway, thereby throwing all dirt and debris down onto State street. The garage below Dr. Bair's was flooded and washed full of dirt; the lots along the route from State to Meadow streets suffered from washouts, more or less. The ground at Summit Tannery was flooded and piles of driftwood left deposited.

Ridge avenue and Pine and Walnut streets also came in for their share of damage, as did also, Grapian, Lumber City and Bailey roads. State street was full of water and high and pouring from the sidewalk gutters, cut dirt ditches and waterways out of all resemblance.

Reports coming in by persons living in the country, proclaim that all roads have been washed and that in many places the roadbed looks more like a stone quarry than anything else. Wheat and rye fields, other than those on level ground, which have been recently planted, have been washed beyond repair, gutters six feet wide and three feet deep having been washed out. Half of the cellars in town were filled with water. There is no doubt but that this storm was the most damaging of any that has fallen this season, and that hundreds of dollars will be required to repair the damage and put the highways in a fit traveling condition once again.

Jake Kantar left for Pittsburgh yesterday as a delegate representing Joshua Sipes, Post 505, American Legion to the State Convention now being held in that city.

Mr. D. C. Scott, who has been spending a part of the summer on a farm near town will leave next week for Reno for a visit with his son Thomas Scott, before going to Detroit, Mich. where he will spend the winter months with a daughter. He is a veteran of the civil war having served more than three years as a member of the Penna. 1st cavalry.

Miss Mabel Norris, daughter of Ralph Norris and a graduate of the Clearfield High School at the closing of the spring term, will leave Curwensville about Oct. 1st for Franklingrove, Illinois, near which place she has been engaged to teach a winter term of school.

An unusually large attendance was present at the prayer meeting services in M. E. church last evening. The subject for discussion by four male members was "The Model Man". These services are becoming more and more interesting with each session.

The Primary election is over and the many vexing questions that had perturbed the minds of the voters have been laid aside until next November.

Asks Ku Klux Quiz

Congressman Peter E. Tagus, of Massachusetts, who announces that he will introduce a resolution calling for an investigation of the Ku Klux Klan.

member at least. The contests for supremacy for some of the borough offices was fought to a finish, the greatest interest centering on the office of Mayor. There were two contestants for the nomination and Haines defeated his opponent by a majority of a trifle more than two to one.

Miss Runberger carried the borough fr County Treasurer, while Percy E. Smith topped his opponent by a handsome figure. The balance of candidates on both tickets presented a fine showing and for school director the vote stood: First Ward, Harry Gates, 55; Millie Karstetter, 55; Warren Kephart, 62; H. E. Kirk, 80; H. Irene Bloom, 11; H. Blair, 1; Democratic, H. Irene Bloom, 67; H. O. Blair, 66; Millie Karstetter, 11; C. A. Rorbaugh, 1; Margaret Eckbert, 2; Harry Gates, 1; Prohibition, Blair, 3; Kirk, 2; Margaret Eckbert, 3; Harry Gates, 1; Council, Rep., Chas. Sweney, 120; Jake Kantar 191; C. O. Norris, 74; R. F. Hoss, 119; Dem., Howard Sipes 73; Chas. Sweney, 2 Hess, 2; Anthony Hille, 19; Fred Groff, 1 L. W. Spencer, 1; Pros. C. O. Norris, 2; Hess, 3; Sweney, 1; Sipes, 1; Kantar 246, no opposition.

Dem. Dale, Justice of Peace, 1 Dale, 1; Dem. Justice of Peace,

Worth While Lives.
Life pays big dividends to those who hear and obey the immortal and immutable commandments of the Master of life. The broken man of forty is a misfit. His sins of omission and commission have found him out. He goes to the faithful help. But men like our contemporary disciples of work having earned the right to live on through the years confident and serene, realizing that life is worth while. They make it worth while for themselves and for multitudes of their fellow men.—Cincinnati Engineer.

Mixing Cause and Effect.

Too Fat?

Over 40 pounds loss of burdensome fat is reported by Andrew K. Chaner, who used Korein Tablets and diet. The average is a pound daily. Another message comes from Mrs. E. L. Castle, who lost over 30 pounds. Her average was three pounds a week. Many such pleasing reports. The shadowy pain of pictures give idea how fat people look before reducing. Get some Korein Tablets from drugists today—care reducing your weight tomorrow. Write for free brochure to Korein Co., NE-23 Station X, New York, N. Y.

KOREIN tablets are dispensed in this city by all good druggists, including

Witnesses in Arbuckle Case

Miss Zey Prevon, left, and Miss Jeanne Dolly Clark, right, are important witnesses in the case of "Fatty" Arbuckle, movie comedian being tried in connection with the death of Virginia Rappe, film actress and model, following a booze party in Arbuckle's room.

About Bosses.

One of the fool notions young men get is that the boss doesn't know what is going on in the plant. We never yet have known a boss who didn't somehow manage to know more about what was going on in the concern than any of the employees gave him credit for. Or to put it another way: We've never known a boss who raises the pay of a shirker under the false belief that he was a worker.—Exchange.

Care of Paintings.

The pictures in a home are apt to suffer from the lack of attention which in time detracts from their appearance. Oil paintings should be lightly cleaned once a year, being wiped gently with a very fine sponge or chamois leather wet with clear water. Do not use soap or any other cleansing substance in the water. Immediately after sponging polish the surface lightly with a dry silk handkerchief. Gilt frames should be dusted frequently. A camel's hair paintbrush is effective for this. Fly marks can be removed by the use of a little white of egg.

Of course you know the reason why millions of men like Lucky Strike Cigarette

—because it's toasted which seals in the real Burley taste

Women Careful With Letters.
Women, as a rule, are more careful in addressing their letters than are the men, according to a veteran attaché of the dead letter office in Washington.

10 Hours Spare Time Weekly

---this service offers it to every woman

Investigation in a large number of families has brought out the fact that the average family washing handled at home take about a day and a half—this includes both washing and ironing.

And, of course, this applies to homes where laundresses are employed as well as to those without them, for laundresses must have supervision.

If you could gain relief from all this at a moderate cost, and have more time for pleasanter duties, wouldn't it interest you?

Our Family Laundry service offers you that opportunity. We take all your family bundle, wash everything in pure soft water, and rich lathery suds, and nicely iron all the flat work. Pieces that need it, we starch. We leave for you only the ironing of the lighter pieces.

We assume practically all of the really heavy work—work that at home takes about ten hours of the hardest kind of labor—and give you ten hours more a week for the children, and to make home pleasanter.

None of the drudgery; none of the exposure to bad weather; none of the troublesome hunting for and bickering with laundresses—yet the cost is less than that of a washwoman.

Once you've given this service a trial we know you will appreciate it. Phone us, and we will have our representative call for your bundle.

ODDS AND ENDS AND THINGS

By Skinny

Dr. C. C. Booth, John H. Chase and T. G. Beede, well-known astronomers have announced their belief in the discovery of life on the moon, hitherto regarded as a planet. Mr. Beede operates one of the largest telescopes in Ohio. All three are recognized observers.

"We found a beautiful fleecy coat from one mountain to another," said Mr. Chase, "and agreed that one of the mountains we had seen was Aristarchus, from which a cloud extended to Herodotus." We found Aristarchus to be a mountain that glitters, and is composed probably of crystals. We also observed a streak of light with hanging colors between it and Herodotus which would indicate we had discovered a low form of vegetation.

Even the Federal tax gathering authorities appear to have it in for the old maid and unmarried women who work for a living are rightly displeased that the tax revisers at Washington have increased by \$500 the income exemption of married men, but have left the exemption for spinsters unchanged.

Home brew was officially declared illegal by the Federal Prohibition Bureau. In an exhaustive opinion, the bureau banned all home manufacture.

One ray of hope was left in that it was held that 200 gallons of fruit juices or wines might be produced of over one-half per cent alcoholic content "if non-intoxicating."

England has one man idle to three here. England's food cost has dropped 2 per cent, in thirty days. Here it has gone up 4 per cent in sixty days. There they are excited about "the hard, dangerous winter" that is coming. Over here we are just allowing things to peddle and big business is still demanding that wages come down lower.

Italy has turned the garlic crop red and according to the Department of Commerce, the colorful and loud smelling delicacy is being sent into this country in quantity greatly in excess of any previous year. We thought as much following our last visit to a local picture show.

The United States Supreme Court has seen fit to pass upon the proper moral qualifications of the American physician. The learned judges say that "soundness of moral fibre is necessary to insure the proper use of medical learning, being as essential to the public health as medical learning itself."

"Mere intellectual power and scientific achievement without uprightness of character may be more harmful than ignorance," the court asserted in overruling exceptions of Dr. Arthur A. Lawrence, of Boston, who had been requested to appear before the State Board of Registration in Medicine and show cause why his certificate should not be revoked for alleged "gross misconduct in the practice of his profession."

Forty-nine cents of every dollar the consumer pays for goods represents the cost of service, Representative Sidney Anderson, chairman of the Joint Congressional Commission of Agricultural Inquiry, asserts.

"The consumer blames the middleman for the extent and cost of this service, such as packing, transportation, selling advertising, etc.,

JOY RIDERS WRECK MEAGRE CLUES TO AUTO-1 WOMAN KILLED-3 HURT

Will Probe Charges of Jitneys Operating Without License

Media, Pa., Sept. 22.—(By United News)—One woman was killed and three others injured when an automobile in which it is believed they were joyriding overturned near Middletown three miles west of here at 10 o'clock Wednesday morning.

STATE HIGHWAY DEPARTMENT TO TAKE NEW STEP

Harrisburg, Pa., Sept. 22.—(By United News).—The state highway department is planning to push investigation in a number of communities where many are reported operating jitneys without licenses. These men will be required to show cause why they should not forfeit their auto licenses.

Dozens of names have been obtained and theft hearings are to be held in a few days.

SLAVE AUCTION OFF

New York, Sept. 22.—(By United News).—Urban J. Ledoux, the "Mr. Zero" of "slave auction" fame, and the police struck an agreement. By its terms Ledoux is not to attempt any auction sales of jobless in the city. On their part the police are to give him a body guard at all times and full protection to restaurants that may engage to feed men he sends to them.

VARE TICKET SWEEPS ALL IN PHILADELPHIA

Philadelphia, Sept. 22.—(By United News).—The Vare "combine" ticket proved triumphant in its sweep here Tuesday against the Independents, supported by U. S. Senator Boise Penrose and Mayor Moore. 31 wards out of 48 gave the Vare ticket a majority of upwards of 60,000 with additional majorities rolling in with each return.

LIBERTY BONDS CLOSING

Liberty 3 1/2's, \$88.20; Liberty 1st 4 1/4's, \$89.28; Liberty 2nd 4 1/4's, \$89.34; Liberty 3rd 4 1/4's, \$93.14; Liberty 4th 4 1/4's, \$89.44; Victory 3 3/4's, \$93.14; Victory 4 1/4's, \$99.14.

Was it a surprise? Say it was in Gossip for Tonight's Tea Table, H. C. 176.

Penrose And Moore Men Go Down In Defeat At Primaries

Philadelphia, Sept. 22.—(By United News).—The Vare "combine" ticket proved triumphant in its sweep here Tuesday against the Independents, supported by U. S. Senator Boise Penrose and Mayor Moore. 31 wards out of 48 gave the Vare ticket a majority of upwards of 60,000 with additional majorities rolling in with each return.

Here it has gone up 4 per cent in sixty days. There they are excited about "the hard, dangerous winter" that is coming.

Over here we are just allowing things to peddle and big business is still demanding that wages come down lower.

JOY RIDERS WRECK MEAGRE CLUES TO AUTO-1 WOMAN KILLED-3 HURT

Will Probe Charges of Jitneys Operating Without License

Media, Pa., Sept. 22.—(By United News)—One woman was killed and three others injured when an automobile in which it is believed they were joyriding overturned near Middletown three miles west of here at 10 o'clock Wednesday morning.

MRS. HUGHES IMPROVING

Mrs. W. B. Hughes, of Cherry street, who recently underwent an operation at the Clearfield Hospital is convalescing nicely at this time.

Einstein Stuff

No, it's not a new German fort—just a new telescope tower erected at Potsdam to test out the Einstein theory of relativity. There's a laboratory down in the bottom of the thing and, incidentally, the telescope purchased was made in America.

Co-operation Necessity of Today.

Some one once said: "Half the people know not how the other half lives." This is truer today than ever. There is need of knowledge that will give co-operation. People cannot longer live unto themselves alone if the country prosper as it should.

14 ?

Salisbury, Mass.—"For seven years I had a female trouble and such bearing down pains I could hardly do my housework. The doctor said, 'If you can have another baby it might be the best thing for you but I am afraid you cannot.' I began taking Lydia E. Pinkham's Vegetable Compound and my baby was born on 'Peace Day'. If women would only take your Vegetable Compound they would have better health. I always recommend your Vegetable Compound to the neighbors."

Mrs. TRACY PATTEN, 2 Lincoln Ave., Salisbury, Massachusetts.

The experience of maternity should not be approached without careful physical preparation, as it is impossible for a weak sickly wife to bring healthy children into the world.

Therefore if a woman is suffering from a displacement, backache, inflammation, ulceration, bearing-down pains, headaches, nervousness or "the blues," she should profit by Mrs. Patten's experience, take Lydia E. Pinkham's Vegetable Compound and be restored to health.

TRIPLE MURDER ARE FOUND

Will Probe Charges of Jitneys Operating Without License

Dowagiac, Mich., Sept. 22.—A blood-stained club, with traces of matted hair, and bloody finger prints constitute the clues upon which authorities are working today in an effort to solve the mysterious murder of William Monroe, aged 45, his wife, Mary, aged 42 and their daughter, Neva, aged 17. The bodies of the three were found at their home on the outskirts of the city yesterday.

CONSTITUTION

Continued from Page 1

Defeat is Indicated
Lancaster, Pa., Sept. 22.—Defeat of the proposal to hold a constitutional convention by a vote of 2 to 1 was indicated here today in returns from the 119 voting districts.

Opposition Substantial
York, Pa., Sept. 22.—Indications are that York county returned a substantial vote in opposition to a constitutional convention. No figures are available at this time.

Nearly Two to One
Doylestown, Pa., Sept. 22.—Bucks county, according to incomplete figures, voted against the constitutional convention Wednesday, by a ratio of nearly 2 to 1.

Has Small Majority
West Chester, Pa., Sept. 22.—Returns from 42 out of 127 election districts in Chester county show a majority of 363 for the constitutional convention.

Carried in Dauphin
Harrisburg, Sept. 22.—Incomplete returns from Dauphin county indicated the constitutional convention question was carried in Tuesday's primary by a majority of several thousand.

Less Than Half
Norristown, Pa., Sept. 22.—With less than half of the districts heard from in Tuesday's vote on the constitutional convention, the indications are that Montgomery county voted against it 2 to 1.

Women Are Defeated
Reading, Pa., Sept. 22.—Scattered returns indicate that Berks county voted against the constitution convention three to one.

Convention is Opposed
Allentown, Pa., Sept. 22.—Returns in Lehigh county show an almost two-to-one vote against the constitutional convention.

Crawford Opposes Measure
On City, Sept. 22.—While figures were not available on the constitutional convention, indications were that the vote in Crawford county would be very close.

Miss Mary Swoope Entertains Players

MISS MARY Swoope is entertaining at her home in Curwensville the eight ladies who were the contestants in the finals of the Bridge Tournament at the Country Club. Miss Swoope was the victor in the tournament, and Mrs. Will Betts of Clearfield, won the second prize.

Exide BATTERIES

Why We Sell Exide Batteries

Sound business reasons, every one of them.

1. The first commercially successful starting and lighting battery was built by The Electric Storage Battery Company.
2. The Electric Storage Battery Company is the oldest and largest manufacturer of storage batteries in the world.
3. Exide Service means a definite battery service—repairs, overhauling and attention by a group of battery experts.
4. We can sell an Exide Battery, secure in the belief that you will get all the battery value possible and more than you ordinarily would get.

No matter what make of battery you have now in your car, if it needs attention, we shall be glad to give it expert, unprejudiced attention so that it will last as long as possible until you are ready to replace it with an Exide, the long-life battery.

LABOR IN RELATION TO THE PROBLEM OF READJUSTMENT

Large classes of labor have taken their losses by severe wage cuts. Among those which have accepted them have been many skilled crafts which have seen that in the long run wages on the new basis will have a new purchasing power equivalent to that when wages were higher.

Certain classes of labor contrast unfavorably, however, with labor as a whole. The time is not far distant when not only that uncertain group known as the "general public," but those sections of it consisting of other classes of workers and farmers, will have come to a realization that labor pays its own wages, which are ultimately measured, not in money, but in goods. The money wage only measures the estimated worth to other consumers of the goods produced by the wage earner. When any class of labor attempts to force its wages out of line with other wages and the price level, that group endeavors primarily to take advantage not of capital, but of other workers, who, in last analysis, must suffer as others gain.

If special labor groups refuse to accept reductions in keeping with the general trend of both wages and prices, the farmers, the makers of shoes and garments and all those classes which supply the necessities of life to these men for a time at least, must give up in the form of unduly high prices a disproportionate share of the food or other goods which they produce in return for transportation, coal and other goods.

MAY NEVER COME NEARER CLEARFIELD

Clearfield county people may never have an opportunity to attend a State Sunday School Convention nearer home than this year. It will meet at Altoona, First M. E. church, October 12th, 13th and 14th. The program is filled from first to last with features that make the devotee of the Sunday School wish he could be there for them all. Pastors, teachers, officers and scholars who intend going may obtain delegate's credentials—to the extent of this county's quota—by applying to the County Secretary, Mrs. S. C. Watts, Curwensville, Pa.

National Notables on Red Cross Convention Program Oct. 4 to 8

COLUMBUS, O.—(Special.)—To focus attention of the nation at large on the fact that it has a peace time program, fully commensurate with its wonderful war achievements, the American Red Cross has called a convention to be held in this city Oct. 4-8, at which will be presented a program of such outstanding importance in the way of personnel as to challenge attention with the biggest conventions held anywhere in years by any civic or military body.

Beginning with President Harding, who has accepted an invitation to address the opening evening session, business of state permitting, the list includes military, civic, educational and health authorities of national and international importance.

The cabinet will be represented by Herbert Hoover, who will speak on "The Challenge of Childhood in Foreign Lands." The military will be represented by General J. J. Pershing, the navy by Assistant Secretary Roosevelt, and the Marine Corps by Major Lefebvre.

Governor Harry L. Davis of Ohio will extend a welcome, followed by Mayor J. J. Thomas, while Dr. W. O. Thompson, President Ohio State University, will be one of the several prominent educators, including Dr. Livingston Farrand, President-elect of Cornell University; Dr. Henry Noble McCracken, President Vassar College, and Miss Charl Williams, President National Education Association.

Other outstanding features of the program, which contemplates three sessions daily, are: "Juniors at Work in Our Insular Possessions," W. W. Marquart; "The Future Builders of the Nation," Senator Frank B. Willis, Ohio; "The Red Cross in Disaster," Robert S. Gast, Pueblo, Colo.; "The Red Cross Public Health Nurse," Miss Lillian Wald of New York; "The Red Cross and the Nation's Health," Dr. W. A. Evans of Chicago, and "Volunteer Service," Mrs. Eleanor Robson Belmont, New York.

Addresses on topics to be assigned are expected from J. G. Emery, National Commander of American Legion; W. Frank Persons, Vice Chairman American Red Cross; Miss Alice Fitzgerald, director of nursing, League of Red Cross Societies in Switzerland; Dr. Albert Ross Hill, Vice Chairman in charge of foreign operations, and, if possible, General Allenby of the British Expeditionary Forces.

Bringing the program to a dramatic and spectacular conclusion, will be a pageant written for the occasion by Ruth Mougey Worrell, visualizing the history and development of the Red Cross work and its vision of the future. It will call into service 2,500 uniformed and costumed participants, and a trained chorus of 1,000 voices supported by a band or orchestra of more than 50. The pageant will be given in the Coliseum, where the major meetings will also be held, in an auditorium capable of seating 10,000 persons.

MAGEE SNOWS MACKRALL UNDER IN PITTSBURGH

Pittsburgh, Pa., Sept. 22.—William A. Magee's plurality for the Republican nomination for mayor at yesterday's primary election, is 15,258 in unofficial returns from 568 of the 645 voting districts of the city. The vote in those districts was:

Magee, 67,953; Joseph N. Mackrell, 52,695.

President Appoints New Chief Of Army Air Service Today

Washington, Sept. 22.—(By United News)—President Harding today appointed Col. M. M. Patrick, to be chief of the army air service succeeding Maj. Gen. C. Y. Menoher. Menoher's resignation followed friction between himself and Brig. Gen. Wm. Mitchell, assistant chief of the service.

Patrick commanded the American Air Forces in France during the war. He will be raised to the rank of Major General. Gen. Mitchell will be retained for the present as Assistant Chief.

DETECTIVE WITH 10,000 ARREST RECORD IS DEAD

New York, Sept. 22.—(By United News)—Detective Francis Basawwa with a record of 10,000 arrests in 25 years on the police force here and an unrivaled acquaintance with pickpockets in all parts of the U. S. is dead at his home here following an attack of acute indigestion.

Washington's Harvest of Moss. During the wet season the moss grows luxuriantly on the roofs and under the eaves of the houses in Seattle and that part of Washington, and when the dry season arrives this moss becomes so inflammable that it offers a great fire menace. It is necessary to tear it away and this is done with the aid of a long-handled tool something like a rake. In many communities there are laws which make this removal compulsory. It makes an excellent fertilizer.

HARRY SEIBERT FAMOUS WHISTLER PAYS TRIBUTE TO NERV-WORTH

This Well Known Performer, Whose Whistling Numbers Were Made Famous by Edison Records, Made This Weighty Statement Some Time Ago.

"Nerv-Worth has done wonders for me," said Mr. Seibert. "When I read so much about what it has done for others, I was rather dubious about it, but I finally decided to try it, for I was very much run down and nervous. I didn't sleep well and had considerable trouble with my stomach and bowels. Some time ago I purchased a bottle of Nerv-Worth and used it regularly before meals and at bedtime, and I began to improve from the first dose. I only used one bottle and I gained seven pounds in weight, I could eat anything, including a number of articles of diet the

SENATE COMMITTEE COMPLETES MINE WAR PROBE

Charleston, Sept. 22.—(By United News)—The Senate investigating committee finished its strike inquiry concerning the West Virginia Mine War Wednesday afternoon with conferees with Gov. Morgan and other state officials.

They returned to Washington Wednesday night. All inquiries held Wednesday were private and no stenographic notes were taken.

Woods' Resignation Sent To President

Washington, Sept. 22.—(By United News)—The application of Major General Leonard Wood for retirement from the army, so that he can accept the governor generalship of the Philippines, was sent to President Harding today by Secretary Weeks.

The "Farmer"

John Martin, "the farmer," was one of the prize winners at the annual Coney Island baby parade. Here he is ready to till the soil.

Duration of Thunder.

The chief factor in the prolongation of a peal of thunder is the difference of time required for the sound to travel to the observer from different points along the path of discharge, which may be a mile, or perhaps several miles, in length. Under some conditions reflections of the sound from clouds, hills, etc., further prolongs the peal.

Telling Age of Trees.

Trees often live to a great age, and while they are standing it is a difficult matter to arrive at their age, but when they have been cut down, it is said, the age may be reckoned by counting the number of rings visible in the section.—Indianapolis News.

NON-POLITICAL NON-SECTARIAN HUMANITARIAN

Appeal For Relief in Ireland

We ask help from the people of Clearfield County for the relief of the destitute women and children in Ireland.

In February last a Committee of distinguished American citizens visited Ireland for the purpose of seeing conditions there. They found that the suffering and destitution was deplorable, especially among the women and children. This condition was brought about by war.

We respectfully urge each person to be as liberal as possible. Make checks payable to H. S. Whiteman, Jr., Treasurer, Clearfield, Pa.

J. S. BEAHAN,
J. P. O'LAUGHLIN,
WALTER WELCH,
H. S. WHITEMAN JR., Treasurer.

Her Clothes the Talk of Europe

A new picture of Mrs. Henry Smith-Wilkinson, of London and Paris, and her youthful husband. She is noted throughout three continents as a lavish spender and her magnificent clothes—furs, gowns and hats—are the sensation of Europe. It is reported that she will visit America this winter.

Agrarian Bloc in Congress

The so-called agrarian bloc in congress, which is making the power of the farmers felt in national affairs as seldom before, has mapped out an extensive program of proposed legislation. The bloc is backing, among other bills, the cold storage bill to make available for the use of the government a record of foodstuffs held in cold storage and the location of such cold storage warehouses, to require warehouses in which foodstuffs are held to be kept in a sanitary condition, and the foodstuffs so marked as to determine readily the ownership of and date when such foodstuffs were placed in storage.

The limit of time for which food can be held in storage—approximately 12 months—is the period of a crop year, or the time allowed nature for producing another harvest, and the advantage to both the producer and consumer in forcing on the market the goods produced each year will soon result in a constant flow through the channels of trade and eliminate price fluctuation which so often occurs after the producer disposes of his products to the middleman, and he places them in cold storage to be released only when prices advance to the point fixed by him, says Senator Capper. He added that as matters now stand few states have cold storage laws, and where they do not exist frequently the product of the particular state is exempt under the provisions and the law made to apply to products of a neighboring state, thereby permitting juggling forth and back.

TRADE-IN PRICE on this genuine Prest-O-Lite Battery

23 1/2 for Yours!

YES, Sir;—only \$23.50 for a brand-new, first-quality Prest-O-Lite Battery, full of zip and zing, and born to live long. Prest-O-Lite's second reduction in less than a year! And the battery is better, too.

A Rare Bird.

A pessimist goes in the back door when the front is shut; the chimney when the window is shut, and blows off the roof if the chimney's shut. Let's go.—The Arklight.

One Good Thing About Movies.

And Tinkins says he likes motion pictures because the girls can talk about them without getting into arguments about whether to say "drawing" or "drawing."

"THERE'S DEATH IN THE POT"

A Celebrated London Doctor Used the Above to Emphasize the Danger of Overeating. Worse Than Overeating is Failure to Eliminate Waste.

Nature could not devise a way to feed and repair the body without the production of considerable waste matter. But Nature provided for the regular, thorough elimination of such waste by means of a natural law.

Whether you help Nature by wise or foolish means is left to your own judgment. To simply force bowel movement is unwise, unnatural and ineffective. You can choose harsh, drastic, violently acting drugs or take such without caring what their action or effect is, or you can select some old time-proven, tried-and-true remedy, that has been used for 70 years or more by thousands of people all over the world, with the result that it has won an enviable reputation as a reliable household remedy. Take Beecham's for example. All the world knows Beecham's; a goodly part of the world uses Beecham's, has been using it for years, handing its use down from father to son, from mother to daughter, for generations after generations, recommending it to others. In spite of such extensive and general use, who ever heard complaint or criticism of Beecham's? That in itself is a powerful recommendation.

Don't take anything for granted. Reason it out. All druggists sell Beecham's; are glad to sell them. Beecham's reputation has been made by its users not by its sellers.

New Kind of Clock.

A clock, recently invented in England has some novel features. One of these is that the weight of the clock itself is the moving force which actuates the mechanism, the clock sits down two vertical pillars; to wit it, therefore, all that is necessary to push the clock up to the top of the pillars is the weight of the clock. One advantage attaching to this system, in addition to its simplicity and the absence of keys, is that the need for winding is visible at a glance, hence this necessary operation is unlikely to be overlooked.

Better Than Using Sand.

They have found that sugar can be made from sea weed. We are suspicious that they have found it can be made from a lot of things besides sugar cane. When the family sugar has to be sweetened before using, its virtue may be suspected.—Los Angeles Times.

What Constitutes Real Wealth.

Real wealth does not consist in the material things of life—gold, and silver and jewels—but in the intangible possessions on which there is no income tax to pay. A clean conscience, hosts of friends, love of wife and child, appreciation of nature's beauty, sense of the sublimity of art, clear faith in the progress of humanity—these are the things that constitute real wealth. They cannot be counted up in dollars, they exclude the tax assessor, but they are real nevertheless, and priceless.—Pittsburgh Dispatch.

Another Vision Dispelled.

"Wouldn't you like to see an old-fashioned comic opera with a chorus of merry villagers?" "No, it would be too untrue to life. Everybody seems to think that in order to be happy he must move into town."

Remarkable Tree.

The Kentucky coffee tree is one of the most remarkable of our American forest trees, says the American Forestry Magazine. It may grow to be fully 100 feet in height; and, although it is to be found over a good part of eastern United States, it is one of the very rarest of our forest trees.

A Distinction.

The aim of book reviewing is to engage in discussion of our contemporaries, and this is why book reviewing, which is a department of journalism, must be carefully distinguished from criticism, which is a department of literature.—Brander Matthews.

Where the "Little Women" Played.

What American girl or woman has not laughed or wept with the Marx, Jo, Beth and Amy of Louisa Alcott's delightful story? In the home of the authoress at Concord, Mass., the little in particular recalls the jolly good times of the "Little Women." As we mount the stairs, we can hear in imagination the sound of laughter as the four girls discussed plans or plays, for this was their favorite gathering place, and it recalls many a delightful incident in their lives.

Costumes of Much Distinction

CHOOSING a costume for the bride is a momentous matter, but not difficult. Choosing a costume for the mother of the bride or groom is absorbingly interesting and somewhat difficult. Above all things these mothers must achieve distinction in their apparel for the great occasion and begin this accomplishment by exercising taste that is above reproach. They must not make the pathetic mistake of dressing too youthfully or the commonplace one of selecting styles that are ordinary or too elderly. The choice in styles depends upon the silhouette more than anything else, and that which has been found most becoming in the past should be retained. Some mothers, and grandmothers even, retain a youthful face and figure, and for them there are dignified examples of current styles that make a selection easy. The two handsome

costumes pictured here are examples of styles that may be worn with assurance. At the left a gray georgette over satin is covered with outline embroidery in silk cord and beads, and is all in one color. The black lace dress with satin bodice at the right of the picture has a ribbon girdle, king's blue on one side and silver on the other. The skirt of lace flouncing reveals an apron of white lace over the black satin foundation. The hat must be imagined in silver cloth and king's blue, with soft full veil of black lace draped across the back. It is a lovely adornment for the gray hair of its wearer.

The KITCHEN CABINET

(© 1921, Western Newspaper Union.)
There is no little rest. There is such an unreasoning passion for activity! and so we skim the surface of all things; we never look down into the depths and see the power of help and culture which they might contain.—Brooks.

A FEW CHOICE SOUPS

Spinach is such a wholesome vegetable that it should be used in a variety of dishes. The following is one worth remembering:
Florentine Spinach Soup.—Shred very fine two quarts of well washed spinach and one head of lettuce, put into a pan with three-fourths of a cup of butter and one pint of shelled green peas. Cook the vegetables slowly, adding a fagot of parsley and thyme, moisten with three quarts of stock and simmer until the vegetables are cooked. Remove the fagot of herbs before serving, add six egg yolks beaten with one cupful of cream, season to taste and serve separately grated cheese and sippets of bread.

Durham Chicken Mulligatawny.—Cut into small squares one carrot, one onion, one stalk of celery, one green pepper, one ounce of lean ham, uncooked; the breast of a fowl and fry gently in three tablespoonfuls of butter; add one tablespoonful of curry powder and cook five minutes then add two tablespoonfuls of flour, stir well and add three quarts of chicken broth; when boiling, remove the scum and simmer one hour. Remove the fat and before serving add milk and the grated meat of a fresh coconut; season to taste and serve with plain boiled rice.

Sweetbread Cream Soup.—Parboil one pair of sweetbreads, remove the skin and cut them in quarter-inch cubes, fry in two tablespoonfuls of butter, sprinkle with two tablespoonfuls of flour, stir and mix well, then add two quarts of veal broth. Simmer for thirty minutes, season with salt and grated nutmeg; before serving add one cupful of cream beaten with the yolks of four eggs.

Sautéed Tripe.—For tripe lovers this will be a dish enjoyed. Cut the pieces ready for serving, parboil ten minutes, using equal parts of milk and water to cover tripe. Drain, season and roll in flour. Sauté in butter.

Big Audience at High School Auditorium Hears Leeta Corder in EDISON Tone-Test

In a test of direct comparison, made last week at the High School Auditorium, before a large audience, the New Edison scored a complete and convincing triumph.

Leeta Corder, the famous soprano, sang in direct comparison with the RE-CREATION of her voice by the New Edison. To every ear, there was no difference between her living voice and her RE-CREATED voice.

This is the most drastic phonograph test known. No other phonograph has ever sustained it. No other phonograph has ever attempted it.

The New Edison's marvelous performance of last week vindicates everything that has been said or claimed for its perfect realism.

Leeta Corder stood on the stage next to a shapely Chippendale cabinet. She began to sing. Her golden notes soared over the auditorium, bringing all under its magic spell.

Halfway through her song she suddenly stopped singing. The New Edison, at her side, took up her song,—and continued it alone.

Singer and phonograph thus alternated, throughout the song.

The only way the audience could be sure which was singing, was by watching Miss Corder's lips,—so exactly like the living voice was the RE-CREATED voice.

Robert Velten, violinist, and Sydney Dalton, pianist, made the same test of comparison with the RE-CREATIONS of their instrumental selections. Again the same result—there was no difference between the RE-CREATED performance and the living performance.

Proof was piled upon proof! Evidence was massed on evidence! The end of the concert found the audience absolutely and completely convinced, through its own personal experience, that there is no difference between an artist's living performance and its RE-CREATION by the New Edison,—that listening to the New Edison is, in literal truth, the same as listening to the living artists.

The NEW EDISON

"The Phonograph With a Soul"

Only one question can still bother your mind. This question we now answer.

The instrument used in last week's tests was NOT a special model. It was an Official Laboratory Model, taken from regular stock. Every Official Laboratory Model in our stock is guaranteed to sustain the same test of direct comparison with living artists.

You can have an Official Laboratory Model in YOUR home. You can own an instrument which will do everything done last week in the test. Come in. Hear the wonderful Official Laboratory Model for yourself. Learn about our Budget Plan, which puts our Official Laboratory Model into your home for no more than you would "pay down" for a talking machine.

Unearth Palace of Wonders In Virginia's Endless Caverns

This stone image of a giant California Redwood stump, the upper surface as regular as if it had been freshly sawn, the corrugations of the bark perfectly reproduced and the size and proportions as correct as if carefully designed by a competent sculptor, is only one of the multitude of wonders to be encountered in the Endless Caverns near New Market, Virginia, recently opened to the public.

The caverns are of natural limestone formation. The tree stump is not a petrification but the remains of a broken stalagmite. Recently a cleverly concealed system of electric lighting has been installed in the caverns revealing their bizarre beauties of color and form.

"Imagine the collaboration of a Troglydite architect, a demoniacal futurist, and a drunken scene painter, assisted by a retinue of workers and apprentices, consisting of elves, gnomes, pygmies and not a few water demons," says A. Holt Armitage in his effort to describe the caverns. "Such a group might have produced these caves, the effect is astonishing. The Troglydite architect seems to have introduced every kind of motif in the rock formations and the elaborate colonnades of stalactites and stalagmites. The demoniacal futurist has used every shade of color. As for the drunken scene painter, he has left hectic splashes of color from his intoxicated brush in all manner of curious places."

The Endless Caverns lie only about four miles from New Market, just off the Valley Pike, which is a part of the National Highway. They are easily accessible to automobiles, an excellent road having just been completed leading directly to the entrance.

Best Picture Wire.

They have recently been experimenting in England on the best support for pictures, and the Scientific American says it was found that plain copper wire in one strand is far superior to twisted brass wire, and copper wire is of course not liable to rust.

Sleep Before Evening.

Not to discriminate every moment some passionate attitude in those about us, and in the very brilliancy of their gifts the tragic dividing of forces on their ways, is on this short day of front and sun, to sleep before evening. —Walter Pater, in 'The Renaissance'.

To Make Parchment Paper.

Paper can be made to look like parchment by the following simple process. To three or four parts of water add one part of sulphuric acid—and the acid to the water, never pour water into acid; immerse the paper for a few seconds in this solution, and then wash it in weak ammonia.

Heat Wakens Them.

A hibernating animal can be awakened from its sleep by being brought into a warm room. When again put into a cold place it immediately resumes its dormant state.

WOULD GET JOBS FOR MEN

State President of Oregon Women's Auxiliary Plans to Out Women Who Do Not Need Work.

A movement to oust from employment all married women who are not forced by necessity to work has been started by Mrs. W. A. Elvers, Portland, Ore., recently re-elected state president of the Oregon department of the Women's Auxiliary, the American Legion.

Mrs. Elvers speaks from first-hand information. As trained nurse and more recently as superintendent of the Emergency hospital in Portland, she has been doing a big man's work for years—but her husband has been an invalid for years.

"Women got started in men's work during the war, when it was necessary and laudable," Mrs. Elvers declared. "They are keeping it up now. Those who have husbands supporting them have no right to keep needy men out of employment. They are willing to work for less, too. They are breaking up our homes, all because they want extraneous money. It must stop, and it's going to in Oregon, at least."

Why Not Two Leagues—One for Western World and One for the Pacific?

By PROF. W. B. PITKIN, Author of "Must We Fight Japan?"

I would recommend a Pan-Pacific League of Nations, if you please. We are not quite ready for a completely functioning league for the whole world. Why not begin with two leagues, one for the western world, with headquarters at Geneva, and one for the countries touching the Pacific, with headquarters, say, at Honolulu?

The United States can take the lead. Here is a concrete recommendation to President Harding. We now have a Pan-Pacific congress or union to which all governments and countries touching on the Pacific have delegates. Let an early meeting of the congress be called, and let the United States go there with a plan for developing and extending the scope of this congress into a real working Pan-Pacific commission. Let it be the central co-ordinating body, for considering the basic problems, such as emigration, overpopulation, tariff, commercial allocation and food supply which affect all countries on the Pacific.

This commission should immediately appoint committees of experts to make thorough studies of these problems, each country affiliated to be represented on these committees.

The primary functions of this Pan-Pacific commission should be, first, to get the facts, by these investigations, and by means of a statistical interchange and research bureau of the highest type; second, to enforce compulsory publicity. That is, the commission should have the power to compel all interests seeking concessions or commercial advantages in the individual countries to file full information, to be safeguarded officially as our income tax returns are.

YEGGS ATTEMPT TO BLOW SAFE OF LOCAL CONCERN

Attack On Strongbox Of Clearfield Supply Co., Rossiter, Fails

Three masked men, believed to be expert safe crackers, blew the outer door off the safe of the Clearfield Supply Company at Rossiter, Monday morning and had the inner door prepared with glycerine and soap ready to be set off when they were scared away by the night watchman and made their escape in an automobile.

About 3 o'clock Monday morning the night watchman heard an explosion and upon investigation found three masked men in the store. He fired a shot at them and they fired three shots at him, none of the shots taking effect. The burglars then made a rush for the door and escaped.

The night watchman got a good look at the burglars and it is believed they have recently been released from Auburn prison and are wanted by the authorities for other jobs recently executed in New York state. Police in surrounding towns have been notified and are on the outlook for the men.

In the meantime the Clearfield Supply Company people are wondering how to get the glycerine charge out of the safe without exploding it.

FORMER LOCAL GIRL DIES AT BINGHAMPTON N. Y.

Mrs. Anna Wilson Sheldon, wife of George B. Sheldon, of Binghamton, N. Y. died at that place Tuesday evening at 9:10 o'clock after an illness of five or six weeks due primarily to injuries received in an automobile accident.

The deceased, who was a daughter

New Modes

Spic span new, winsomely chic, yet reasonably priced

Any shopping tour nowadays will prove a zestful affair, if in its cycle it includes the purchase of a new Frock, Suit or Coat. For the Fall Displays are replete with a beauty and style far removed from anything commonplace, yet prices have a practical trend.

FROCKS---

achieve a smart simplicity by means of their slender silhouettes, but makes up for it in their method of trimming and luxurious fabrics. New colors of Fez, Terra Cuite, Balsam and Sorrento are worthy rivals of the very stylish black Twills, duvetyn, Kasha cloth and satin are the new fabric favorites.

Dresses of Silk from \$29.75 to \$95.00

Dresses of Wool Material from \$6.75 to \$75.00

SUITS---

seem bent on pleasing everyone, for styles are so varied. The woman who wants a conservative, tailored model will find it, while beautiful styles are developed in pile fabrics, richly fur trimmed, with decided tendencies toward wide sleeves, irregular hems and wide panels.

Wonderful values in Suits at \$29.50 to \$39.50

Suits of high quality from \$49.50 to \$195.00

COATS---

are variable as to hems also, and have strong leanings toward side closings, panels and low shoulder lines. And if they possibly can, they make themselves up along crepe lines. Fur is everywhere—especially the furs. Panvelaine, Geronda and Marvella are new fabrics.

Prices range from \$29.75 to \$195.00

A. W. Leonardson Co.

of Mrs. C. G. Wilson, of Sixth street East End, was 32 years of age. She spent almost her entire life in Clearfield, where she occupied the position of Chief Operator for the H. & C. telephone company for several years. Her host of warm friends hereabouts will sympathize with her loved one in their sad bereavement.

She was married to Geo. B. Sheldon about five years ago and since that time has made her home in Binghamton. She is survived by her husband, her mother, two sisters and two brothers as follows: Lena, Helen, Charles and Harold Wilson, all of Clearfield.

The remains will be brought to the home of her mother on Sixth street this evening.

Bridge Club Holds Last Meeting Of The Year Tuesday

The Evening Bridge Club had its last meeting of the year Tuesday evening at the Country Club.

BIG ULCER ALL HEALED

"Here is another letter that makes me happy," says Peterson, of Buffalo. "One that I would rather have than a thousand dollars."

"Money isn't everything in this world. There is many a big-hearted rich man who would give all he has on earth to be able to produce a remedy with such mighty healing power as Peterson's Ointment; to sell at all druggists for 60 cents a large box."

Dear Sirs:

"I was an untold sufferer from old running sores and ulcers. I had tried most everything without any relief from pain. A friend told me of your wonderful ointment and the first box took away the pain that that not left me before in years and after using just nine dollars' worth of the salve I am cured. The ulcer was 9 inches by 6 1-2 inches, is all healed and I can walk. Never, never will be I without Peterson's again."

"You may use this" to recommend your ointment if you wish. I cannot say enough to praise it." Yours truly, Mrs. Albert Southcott, Lyndonville, N. Y. Mail orders filled by Peterson Ointment Co., Inc., Buffalo, N. Y.

Seems So.

One reason why it would be a waste of money to maintain a chorus girl's home is that no chorus girl ever gets old enough to retire.

Engines Use Third of Mined Coal. About one-third of all the coal mined in the United States is required to keep the country's 65,000 locomotives going.

Life's Minor Worries.

Frequently a woman worries a great deal over the question of calling on another woman who doesn't care in the least whether she calls or not.—Boston.

ONE BRAND-ONE QUALITY-One Size Package

All our skill, facilities, and lifelong knowledge of the finest tobaccos are concentrated on this one cigarette—CAMEL.

Into this ONE BRAND, we put the utmost quality. Nothing is too good for Camels. They are as good as it's possible to make a cigarette.

Camel QUALITY is always maintained at the same high, exclusive standard. You can always depend on the same mellow-mild refreshing smoothness—the taste and rich flavor of choicest tobaccos—and entire freedom from cigarette aftertaste.

And remember this! Camels come in one size package only—20 cigarettes—just the right size to make the greatest saving in production and packing. This saving goes straight into Camel Quality. That's one reason why you can get Camel Quality at so moderate a price.

Here's another. We put no useless frills on the Camel package. No "extra wrappers!" Nothing just for show!

Such things do not improve the smoke any more than premiums or coupons. And their added cost must go onto the price or come out of the quality.

One thing, and only one, is responsible for Camels' great and growing popularity—that is CAMEL QUALITY.

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

Camel
